ANDRIANE S. CABUYAO

OBJECTIVE

Results-driven Software Product Assurance Engineer with extensive experience in software testing and test automation. Proficient in programming languages including C++, Python, and Java, with a strong track record in test planning, case design, and execution. Recognized for analytical and problem-solving skills, along with the ability to communicate effectively and collaborate within cross-functional teams. Additionally, I bring creative expertise in graphic design and multimedia editing, aiming to leverage these diverse skills to enhance software quality and contribute to team success.
